

'Sell' your idea to funders at second Innovation Bazaar

Staff Reporter

The Shuttleworth Foundation is hosting another one-day bazaar, on Monday September 6 in Johannesburg and people in the Western Cape are invited to submit their projects.

The Innovation Bazaar gives funders or "buyers" browsing through stalls where selected fund-seekers act like "sellers", showcasing their projects in the hope of securing funding.

In 2003, 10 projects were featured at the Innovation Bazaar in Cape Town.

All projects involved education, specifically focusing on maths, science, technology and school focused entrepreneurship training.

All projects must be initiated in South Africa and their implementation must take place in Gauteng and or the Western Cape in 2005.

All entries must be submitted by Thursday April 8.

For further information visit the foundation's website at www.shuttleworthfoundation.org, or contact Vuyi on 970 1206.
